

Pandemic Emergency Plan

September 20, 2022

- This Pandemic Emergency Plan is added to and a component of the EmergencyPreparedness Plan.
- This Pandemic Emergency Plan is prepared in accordance with the NYSDOH requirementas detailed in DAL NH 20-09 dated 8/20/20
- The Pandemic Emergency Plan will be reviewed annually and modified as needed.
- The Pandemic Emergency Plan will be activated when a Pandemic is declared by eitherFederal (CMS or HHS) or State (NYSDOH) authorities.
- PEP implementation date: 9/14/20
- Annual scheduled review date: 09/06/23

Annex E: Infectious Disease/Pandemic Emergency

As the COVID-19 pandemic surged around the world, healthcare policy makers, management and staff have had torecognize a risk that was talked about, but never really prepared for. Complicating the response further was that thispandemic was caused by a new pathogen, (novel virus), and to which there was no natural immunity or vaccination. We arestilllearningabouthowthisdiseaseistransmitted, whichpopulationisthemostvulnerableandthebestcourseoftreatment. ThemostterribleaspectoftheexperiencesofaristhatCOVID-19takesaterribletollontheelderlyandthosesickwith co-

morbidities. Assuch, Skilled Nursing Facilities congregate caresettings were especially atrisk during this outbreak. As a result of this, the State and Federal governments have enacted additional requirements for thesa feoperation of a home.

 $\label{eq:thermal} This document laysout the required elements of new legal and regulatory responsibilities during a pandemic.$

(R) = Required Element

* NYSDOHregulationindicatesbothrequiredandrecommendedelementsneedtobeaddressedinPEP

Preparedness Tasks for all Infectious Disease Events

1. <u>StaffEducationonInfectiousDiseases(R)</u>

- TheFacilityInfectionPreventionist(IP)inconjunctionwithInserviceCoordinator/Designee,mustprovideeducationon Infection Prevention and Management upon the hiring of new staff, as well as ongoing education on an annualbasisandasneededshouldafacilityexperiencetheoutbreakofaninfectiousdisease.
- TheIP/Designeewillconductannualcompetencybasededucationonhandhygieneanddonning/doffingPersonalProtectiveEquipment(PPE)forallstaff.
- The IP in conjunction with the Inservice Coordinator will provide in-service training for all staff on InfectionPreventionpoliciesandproceduresasneededfortheeventofaninfectiousoutbreakincludingallCDCandStateu pdates/guidance.

Refer to Policy and Procedure:Infection Prevention Staff Training

2. <u>Develop/Review/ReviseandEnforceExistingInfectionPreventionControl,andReportingPolicies(R)</u>

The facility will continue to review/revise and enforce existing infection prevention control and reporting policies. The Facility will update the Infection Control Manual, which is available in a digital and print form for all staff, annually or as may be required during an event. From time to time, the facility management will consult with localEpidemiologiststoensurethatanynewregulationsand/orareasofconcernasrelatedtoInfectionPreventionandContr olareincorporatedintotheFacilitiesInfectionControlPreventionPlans.

RefertoFacilityAssessmentforYearlyRevieworPaperCopywithSignatureReviewSheet

3. <u>ConductRoutine/Ongoing,InfectiousDiseaseSurveillance</u>

- TheQualityAssurance(QA)Committeewillreviewallresidentinfectionsaswellastheusageofantibiotics,onamonthlyba sissoastoidentifyanytrendsandareasforimprovement.
- AtdailyMorningMeeting,theIDTteamwillidentifyanyissuesregardinginfectioncontrolandprevention.
- Asneeded,theDirectorofNursing(DON)/DesigneewillestablishQualityAssurancePerformanceProjects(QAPI)to identify root cause(s) of infections and update the facility action plans, as appropriate. The results of thisanalysiswillbereportedtotheQAcommittee.
- Allstaffaretoreceiveannualeducationastotheneedtoreportanychangeinresidentconditiontosupervisorystaffforfollo wup.
- Staffwillidentifytherateofinfectiousdiseasesandidentifyanysignificantincreasesininfectionratesandwillbeaddressed.
- Facilityacquiredinfectionswillbetracked/reportedbytheInfectionPreventionist.

Refer to Policy and Procedure:Infection Control Surveillance

4. <u>Develop/Review/RevisePlanforStaffTesting/LaboratoryServices</u>

- TheFacilitywillconductstafftesting,ifindicated,inaccordancewithNYSregulationsandEpidemiologyrecomm endationsforagiveninfectiousagent.
- The facility shall have pre arranged agreements with laboratory services to accommodate any testing of
 residents and staff including consultants and agency staff. These arrangements shall be reviewed by administration
 not

less than annually and are subject to renewal, replacement or additions as deemed necessary. All contacts for labs will be upd at edand maintained in the communication section of the Emergency Preparedness Manual.

 Administrator/DON/DesigneewillcheckdailyforstaffandresidenttestingresultsandtakeactioninaccordancewithState andfederalguidance.

Refer to Vendor List in Emergency Management Plan (EMP)Refer to P/P Testing

5. <u>StaffAccesstoCommunicableDiseaseReportingTools(R)</u>

- ThefacilityhasaccesstotheHealthCommerceSystem(HCS), and all roles are assigned and updated as needed for reportin gtoNYSDOH.
- The following Staff Members have access to the NORA and HERDS surveys:Administrator, Director of Nursing,Infection Preventionist, and Assistant Director of Nursing. Should a change in staffing occur, the replacement staffmemberwillbeprovidedwithloginaccessandTrainingfortheNORAandHERDSSurvey

TheIP/designeewillenteranydatainNHSNasperCMS/CDCguidance

Refer to Annex K Section 1 Communicable Disease ReportingRefer to Facility Assessment

- 6. <u>Develop/Review/ReviseInternalPoliciesandProceduresforStockingNeededSupplies(R)</u>
- TheMedicalDirector,DirectorofNursing,InfectionControlPractitioner,SafetyOfficer,andotherappropriateperson nelwillreviewthePoliciesforstockingneededsupplies.
- ThefacilityhascontractedwithPharmacyVendortoarrangefor4 6weekssupplyofresidentmedicationstobedeliveredshouldtherebeaPandemicEmergency.
- ThefacilityhasestablishedparLevelsforEnvironmentalProtectionAgency(EPA)approvedenvironmentalcleanin gagentsbasedonpandemicusage.
- ThefacilityhasestablishedparLevelsforPPE.

Refer to Policy and Procedure on Personal Protective Equipment: Par Level, Storage and Calculating Burn RateRefer to Policy and Procedure on Environmental Cleaning Agents Refer to Vendor list and Contracts in EMP (Emergency Management Plan)

- 7. <u>Develop/Review/ReviseAdministrativeControlswithregardstoVisitationandStaffWellness</u>
- AllsickcallswillbemonitoredbyDepartmentHeadstoidentifyanystaffpatternorclusterofsymptomsassociatedwith infectious agents. Each Dept will keep a line list of sick calls and report any issues to IP/DON during MorningMeeting. All staff members are screened on entrance to the facility to include symptom check and thermalscreening.
- VisitorswillbeinformedofanyvisitingrestrictionrelatedtoanInfectionPandemicandvisitationrestrictionwillbeenforced/li ftedasallowedbyNYSDOH.
- A contingency staffing plan is in place that identifies the minimum staffing needs and prioritizes critical andnon-essentialservices, basedonresidents' needs and essential facility operations. The staffing plan includes collaboration with local and regional DOH planning and CMS to address wides pread health care staffings hortages during acri sis.

Refer to Policy and Procedure: Visitation Guidelines during Pandemic Refer to Policy and Procedure Staff Screening and Monitoring During a Pandemic.Refer to contingency staffing plan in EMP

8. <u>Develop/Review/ReviseEnvironmentalControlsrelatedtoContaminatedWaste(R)</u>

- AreasforcontaminatedwasteareclearlyidentifiedasperNYSDOHguidelines
- The facility environmental coordinator shall follow all Department of Environmental Conservation (DEC) and DOHrulesforthehandlingofcontaminatedwaste. Theonsitestorageofwasteshallbelabeledandinaccordancewithall regulations. The handling policies are available in the Environmental Services Manual. Any staff involved inhandling of contaminated products shall be trained in procedures prior to performing tasks and shall be givenproperPPE.
- ThefacilitywillamendthePolicyandProcedureonBiohazardouswastesasneededrelatedtoanynewinfectiveagents.

Refer to Policy and Procedure on Handling of Biohazardous Waste Material

9. <u>Develop/Review/ReviseVendorSupplyPlanforfood,water,andmedication(R)</u>

- The facility currently has a 3-4 days' supply of food and water available. This is monitored on a quarterly basis toensurethatitisintactandsafelystored.
- Thefacilityhasadequatesupplyofstockmedicationsfor4-6weeks.
- Thefacilityhasaccesstoaminimumof2weekssupplyofneededcleaning/sanitizingagentsinaccordancewithstorage and NFPA/Local guidance. The supply will be checked each quarter and weekly as needed during aPandemic. A log will be kept by the Department head responsible for monitoring the supply and reporting to theAdministratoranyspecificneedsandshortages.

Refer to the following P/P Subsistence Food and Water EMP Facility Logs: Water and Food:Food Service DirectorStock Medications:Director of Nursing Sanitizing/Cleaning Agents:Director of Environmental Services

10. DevelopPlanstoEnsureResidentsareCohortedbasedontheirInfectiousStatus(R)

- Residents are isolated/cohorted based on their infection status in accordance with applicable NYSDOH and Centers for Disease Control guidance.
- ThefacilityAdministrationmaintainscommunicationwithLocalEpidemiologists,NYSDOH,andCDCtoensurethatalIn ewguidelinesandupdatesarebeingadheredtowithrespecttoInfectionPrevention.
- TheCohortwillbedividedintothreegroups:Unknown,Negative,andPositiveasitrelatestotheinfectiousagent.
- TheresidentwillhaveacomprehensivecareplandevelopedindicatingtheirCohortGroupandspecificintervent ionsneeded.

Refer to Policy and Procedure on Cohorting

11. DevelopaPlanforCohortingresidentsusingapartofaunit, dedicated floororwing, or group of rooms

- TheFacilitywilldedicateawingorgroupofroomsattheendofaunitinordertoCohortresidents.Thisareawillbeclearlydem arcatedasanisolationarea.
- Appropriate transmission-based precautions will be adhered to for each of the Cohort Groups as stipulated by NYSDOH
- StaffwillbeeducatedonthespecificrequirementsforeachCohortGroup.
- ResidentsthatrequiretransfertoanotherHealthCareProviderwillhavetheirCohortstatuscommunicatedtoprovider andtransporterandclearlydocumentedonthetransferpaperwork.
- AllattemptswillbemadetohavededicatedcaregiversassignedtoeachCohortgroupandtominimizethenumberofdifferentc aregiversassigned.

Refer Policy and Procedure Cohorting Guidelines during a Pandemic Refer Policy and Procedure Transferring Residents with Infection Diseases.

12. <u>Develop/Review/ReviseaPlantoEnsureSocialDistancingMeasures</u>

 Thefacilitywillreview/revisethePolicyonCommunalDiningGuidelinesandRecreationalActivitiesduringaPandemi ctoensurethatSocialDistancingisadheredtoinaccordancewithStateandCDCguidance.

- The facility will review/revise the Policy on Recreational Activities during a Pandemic to ensure that SocialDistancingisadheredtoinaccordancewithStateandCDCguidelines.RecreationActivitieswillbeindividualizedfor eachresident.
- Thefacilitywillensurestaffbreakroomsandlockerroomsallowforsocialdistancingofstaff
- Allstaffwillbere-educatedontheseupdatesasneeded

Refer to Policy and procedure: Dining Guidelines during a PandemicRefertoPolicyandprocedure:RecreationNeedsDuringaPand emic

13. <u>Develop/Review/ReviseaPlantoRecover/ReturntoNormalOperations</u>

- ThefacilitywilladheretodirectivesasspecifiedbyStateandCDCguidanceatthetimeofeachspecificinfectiousdisease or pandemic event e.g., regarding how, when, which activities/procedures/restrictions may be eliminated,restoredandthetimingofwhenthosechangesmaybeexecuted.
- The facility will maintain communication with the local NYS DOH and CMS and follow guidelines for returning tonormaloperations. The decision for outside consultants will be made on a case by case basis taking into account medical necessity and infection levels in the community. During the recovery period residents and staff will continue to be monitored daily in order to identify any symptoms that could be related to the infectious agent.

Refer to Policy and Procedure Staff Monitoring during a Pandemic Emergency

Refer to Policy and Procedure Resident Monitoring during the Recovery phase of a Pandemic Emergency

Additional Preparedness Planning Tasks for Pandemic Events

1. <u>Develop/Review/ReviseaPandemicCommunicationPlan(R)</u>

- TheAdministratorinconjunctionwiththeSocialServiceDirectorwillensurethatthereisanaccuratelistofeachresident's Representative,andpreferencefortypeofcommunication.
- CommunicationofapandemicincludesutilizingestablishedStaffContactListtonotifyallstaffmembersinalldepartments.
- TheFacilitywillupdatethewebsiteontheidentificationofanyinfectiousdiseaseoutbreakofpotentialpandemic.

RefertoSectionofPEPAdditionalResponseCommunicationandNotifyingFamilies/GuardiansandWeeklyUpdatepag e8

Refer to Policy and Procedure Communication with Residents and Families During PandemicRefer to list of Resident representatives/contact information Refer to Staff Contact List located in EMP

2. Develop/Review/RevisePlansforProtectionofStaff,Residents,andFamiliesAgainstInfection(R)

- Educationofstaff,residents,andrepresentatives
- Screeningofresidents
- Screeningofstaff
- VisitorRestrictionasindicatedandinaccordancewithNYSDOHandCDC
- ProperuseofPPE
- CohortingofResidentsandStaff

Refer to Infection Prevention and Control Policy and Procedures

Response Tasks for All Infectious Disease Events

- 1. Guidance,Signage,Advisories
- Thefacilitywillobtainandmaintaincurrentguidance,signageadvisoriesfromtheNYSDOHandtheU.S.CentersforDiseas eControlandPrevention(CDC)ondisease-specificresponseactions.
- TheInfectionPreventionist/Designeewillensurethatappropriatesignageisvisibleindesignatedareasfornewlyemerge ntinfectiousagents

Refer to the attached listing of government agencies and contact numbersRefer to the CDC website for Signage download

2. ReportingRequirements(R)

- Thefacilitywillassureitmeetsallreportingrequirementsforsuspectedorconfirmedcommunicablediseasesasmandate d under the New York State Sanitary Code (10 NYCRR 2.10 Part 2), as well as by 10 NYCRR 415.19(seeAnnexKoftheCEMPtoolkitforreportingrequirements).
- TheDON/InfectionPreventionistwillberesponsibletoreportcommunicablediseasesviatheNORAreportingsystem ontheHCS
- TheDON/InfectionPreventionistwillberesponsibletoreportcommunicablediseasesonNHSNasdirectedbyCMS.

Refer to Annex K CEMP for reportable diseases

3. <u>Signage</u>(RefertoGuidance,Signage, Advisories)

4. LimitExposure

- The facility will implement the following procedures to limit exposure between infected and non-infected personsandconsidersegregationofillpersons, inaccordance with any applicable NYSDOH and CDCguidance, as wella swith facility infection control and prevention program policies.
- FacilitywillCohortresidentsaccordingtotheirinfectionstatus
- Facilitywillmonitorallresidentstoidentifysymptomsassociatedwithinfectiousagents.
- UnitswillbequarantinedinaccordancewithNYSDOHandCDCguidanceandeveryeffortwillbemadetocohortstaff.
- FacilitywillfollowallguidancefromNYSDOHregardingvisitation,communaldining,andactivitiesandupdatepolicyan dprocedureandeducateallstaff.
- Facilitywillcentralizeandlimitentrywaystoensureallpersonsenteringthebuildingarescreenedandauthorized.

- Handsanitizerwillbeavailableonentrancetofacility, exitfromelevators, and according to NYSDOH and CDC guidance
- DailyHousekeepingstaffwillensureadequatehandsanitizerandrefillasneeded.

Refer Policy and Procedure Cohorting Guidelines during a Pandemic

5. SeparateStaffing

 Thefacilitywillimplementprocedurestoensurethatasmuchasispossible,separatestaffingisprovidedtocareforeachinfe ctionstatuscohort,includingsurgestaffingstrategies.

Refer to Policy and Procedure on Cohorting

6. ConductCleaning/Decontamination

 The facility will conduct cleaning/decontamination in response to the infectious disease utilizing cleaning anddisinfectionproduct/agentspecifictoinfectious disease/organisminaccordancewithanyapplicableNYSDOH,EP A,andCDCguidance.

Refer to Environmental Cleaning /Disinfection P/P Refer to the attached Policy and Procedure on Terminal Room Cleaning

7. EducateResidents,Relatives,andFriendsAbouttheDiseaseandtheFacility'sResponse(R)

- Thefacilitywillimplementprocedurestoprovideresidents, relatives, and friends with education about the disease and the facility's responses trategy at a level appropriate to their interests and need for information.
- Allresidentswillreceiveupdatedinformationontheinfectiveagent,modeoftransmission,requirementstominimiz etransmission,andallchangesthatwillaffecttheirdailyroutines.

Refer to the attached Policy and Procedure on Communication During a Pandemic

8. PolicyandProceduresforMinimizingExposureRisk(Refertosection4)

- ThefacilitywillcontactallstaffincludingAgencies,vendors,otherrelevantstakeholdersonthefacility'spoliciesandproc eduresrelatedtominimizingexposureriskstoresidentsandstaff.
- Consultantsthatservicetheresidentsinthefacilitywillbenotifiedandarrangementsmadefortelehealth, remotechart review, or evaluating medically necessary services until the recovery phase according to State and CDCguidelines.

Refer to Memo regarding vendor delivery during a PandemicRefer to P/P Telehealth Services

9. AdviseVendors, Staff, and otherstakeholderson facility policies to minimize exposure risks to residents (R)

- Subject to any superseding New York State Executive Orders and/or NYSDOH guidance that may
 otherwisetemporarilyprohibitvisitors,thefacilitywilladvisevisitorsandvendorstolimit/discontinuevisitstoreduceexposur
 erisktoresidentsandstaff.
- EmergencystaffincludingEMSwillbeinformedofrequiredPPEtoenterfacility
- Vendorswillbedirectedtodropoffneededsuppliesanddeliveriesinadesignatedareatoavoidenteringthebuilding.
- ThefacilitywillimplementclosingthefacilitytonewadmissionsinaccordancewithanyNYSDOHdirectivesrelatingto diseasetransmission

Refer to Policy and Procedure on Visitation during a Pandemic Refer to Policy and Procedure on Limited Services During a PandemicRefer to Vendor Contact List in EPM

10. LimitingandRestrictionofVisitation(R)

- ThefacilitywilllimitandorrestrictvisitorsaspertheguidelinesfromtheNYSDOH
- Residents and Representatives will be notified as to visitation restrictions and/or limitations as regulatory changes are mad e.

Refer to Policy and Procedure on Visitation during a Pandemic

Additional Response Tasks for Pandemic Events

1. EnsureStaffAreUsingPPEProperly

- ThefacilityhasanimplementedRespiratoryProtectionPlan
- Appropriatesignageshallbepostedatallentrypoints, and one achresidents', door indicating the type of transmissi on-based precautions that are needed.
- Staffmemberswillreceivere-educationandhavecompetencydoneonthedonninganddoffingofPPE.

7. PreservingaResident'sPlace(R)

 Thefacilitywillimplementprocessestopreservearesident'splaceinaresidentialhealthcarefacilityifsuchresident is hospitalized, in accordance with all applicable laws and regulations including but not limited to 18NYCRR505.9(d)(6)and42CFR483.15(e).

Refer to Policy and Procedure for Bed Hold During a Pandemic

8. <u>TheFacility'sPlantoMaintainatleastatwo-monthsupplyofPersonalProtectiveEquipment(PPE)(R)</u>

- The facility has implemented procedures to maintain at least a two-month (60 day) supply of PPE (includingconsideration of space for storage) or any superseding requirements under New York State Executive Ordersand/orNYSDOHregulationsgoverningPPEsupplyrequirementsexecutedduringaspecificdiseaseoutbreakor pandemic.
- Thisincludes, but is not limited to:
 - N95respirators
 - Faceshield
 - Eyeprotection
 - Isolationgowns
 - Gloves
 - Masks
 - Sanitizeranddisinfectants(meetingEPAGuidancecurrentatthetimeofthepandemic)
 - Facilitywillcalculatedailyusage/burnratetoensureadequatePPE

Refer to Policy and Procedure on Securing PPE Refer to Vendor Contract List including information for Local and State OEM in EPM

Recovery of all Infectious Disease Events

- 1. <u>Activities/Procedures/RestrictionstobeEliminatedorRestored(R)</u>
- Thefacilitywillmaintainreviewof, and implementprocedures provided in NYSDOH and CDC recovery guidance that is issued at the time of each specific infectious disease or pandemic event, regarding how, when, which activities/procedures/restrictions may be eliminated, restored and the timing of when those changes may be executed.

Refer to Pandemic Tracking Sheet

2. <u>Recovery/ReturntoNormalOperations(R)</u>

- Thefacilitywillcommunicateanyrelevantactivitiesregardingrecovery/returntonormaloperations, withstaff, families /guardiansandotherrelevantstakeholders.
- Thefacilitywillensurethatduringtherecoveryphaseallresidentsandstaffwillbemonitoredandtestedtoidentifyanydevelop ingsymptomsrelatedtotheinfectiousagentinaccordancewithStateandCDCguidance.
- Thefacilitywillscreenandtestoutsideconsultantsthatreenterthefacility,aspertheNYSDOHguidelinesduringtherecoveryphase.

Refer to Policy and Procedure: Staff Testing during Pandemic

HazardAnnexK: InfectiousDisease

Infectious diseases are caused by pathogenic microorganisms, such as bacteria, viruses, parasites or fungi. The circumstances of infectious disease emergencies, including ones thatrise to the level of a pandemic, vary by multiple factors, including type of biological agent, scaleof exposure, modeoftransmission and intentionality.

The facility follows effective strategies for preventing infectious diseases. Each county LocalHealth Department-(LHD) has prevention agenda priorities compiled from community healthassessments that can be reviewed and utilized by the facility in fully developing your CEMPAnnexE, planning and response checklist for infectious disease and pandemic situations. The information within this Annexincludes the identified priorities and focus areas.

Under the Pandemic Emergency Plan (PEP) requirements of Chapter 114 of the Laws of 2020, special focus is required for pandemics. Please use the template's Appendix E and this Hazard Annex, with prompts for the PEP requirements, to ensure that the plansdeveloped meetall requirements.

Chapter114of theLawsof2020(fulltext):

Section 2803 of the public health law is amended by adding a new subdivision 12 to read asfollows:

12.(a)eachresidentialhealthcarefacilityshall, nolaterthanNinetydaysaftertheeffectivedate of thissubdivisionandannually thereafter, ormore frequently as may be directed by the commissioner, prepare and make available to the public on the facility's website, and immediately upon request, in a form acceptable to the commissioner, a pandemicemergency plan which shall include but not be limited to:

(i) acommunicationplan:

(a) to update authorized family members and guardians of infected residents at least onceper day and upon a change in a resident's condition and at least once a week to update allresidents and authorized families and guardians on the number of infections and deaths atthe facility, by electronic or such other means as may be selected by each authorized familymember orguardian;and

(b) that includes a method to provide all residents with daily access,

At no cost, to remote videoconference or equivalent communication methods with familymembers and guardians;and

(ii) protectionplansagainstinfectionforstaff, residentsandfamilies, including:

(a) aplanforhospitalizedresidentstobereadmittedtosuchresidentialhealthcarefacilityaftertre atment, in accordance with all applicable laws and regulations; and

(b) aplanforsuchresidentialhealthcarefacilitytomaintainorcontracttohaveatleastatwomonthsupplyofpersonalprotectiveequipment; and

(iii) aplanforpreservingaresident'splaceinaresidentialhealthcarefacilityifsuchresidentis hospitalized, inaccordance withallapplicablelaws and regulations.

(b) theresidentialhealthcarefacility shallprepareand complywith thepandemicemergency plan. Failure to do so shall be a violation of this subdivision and may be subject tocivilpenaltiespursuanttosectiontwelveandtwelve-bofthis chapter.

The commissioner shall review each residential healthcare facility for compliance with its planand theapplicable regulations in accordance with paragraphs (a) and (b) of subdivision one of this section.

(c) within thirty days after the residential health care facility's receipt of written notice of noncompliance such residential healthcare facility shall submit a plan of correction in suchform and manner as specified by the commissioner for achieving compliance with its plan andwith the applicable regulations. The commissioner shall ensure each such residentialhealthcarefacilitycomplies withits plan of correction and the applicable regulations.

(d) the commissioner shall promulgate any rules and regulations necessary to implement theprovisions of this subdivision.

§2.Thisact shalltakeeffect immediately.

1. CommunicableDiseaseReporting:

1.1. ImportanceofReporting

- NYSDOHischargedwiththeresponsibilityofprotectingpublichealthandensuringthesafetyofh ealthcarefacilities.
- Reportingisrequiredtodetectintrafacilityoutbreaks,geographictrends,andidentifyemerginginfectiousdiseases.
- The collection of outbreak data enables the NYSDOH to inform health carefacilities of potential risks and preventive actions.
- Reportingfacilitiescanobtainconsultation, laboratory supportandonsite assistance in outbreak investigations, as needed.

NewYorkState|DepartmentofHealth CEMPTemplate(PartIII)- Page59

1.2. Whatmust bereported?

NYSDOHRegulatedArticle28nursinghomes:

- ReportingofsuspectedorconfirmedcommunicablediseasesismandatedundertheNewYork StateSanitaryCode(10NYCRR2.10),aswellasby10NYCRR415.19.⁸
- Anyoutbreakorsignificantincreaseinnosocomialinfectionsabovethenormorbaselinein nursing home residents or employees must be reported to NYSDOH. This can bedone electronically via the Nosocomial Outbreak Reporting Application (NORA). NORAis a NYSDOH Health Commerce System Application. Alternately, facilities may fax an<u>InfectionControlNosocomialReportForm(DOH4018</u>)ontheDOHpublic website.
 - Facilities are expected to conduct surveillance that is adequate to identifybackground rates and detect significant increases above those rates. Healthcareassociated infectionoutbreaksmayalso bereportedtotheLHD.

A single case of a reportable communicable disease or any unusual disease (defined asa newly apparent or emerging disease or syndrome that could possibly be caused by atransmissible infectious agent or microbial toxin) must be reported to the local healthdepartment(LHD)wherethepatient/residentresides.Inaddition,ifthereportablecommu nicablediseaseissuspectedorconfirmedtobeacquiredattheNYSDOHregulated Article 28 nursing home, it must also be reported to the NYSDOH. This can bedone electronically via the NORA, or, by faxing an Infection Control Nosocomial ReportForm(DOH 4018).

- Reports must be made to the local health department in the county in which the facility islocated(astheresident'splaceofresidence)andneedtobesubmittedwithin24hoursofdiagno sis.However,somediseaseswarrantpromptaction and shouldbe reportedimmediately byphone.
- Categoriesandexamplesofreportablehealthcare-associatedinfectionsinclude:
 - An outbreak or increased incidence of disease due to any infectious agent (e.g.staphylococci, vancomycin resistant enterococci, Pseudomonas, Clostridioidesdifficile, Klebsiella, Acinetobacter) occurring in residents or in persons working in thefacility.
 - Intrafacilityoutbreaksofinfluenza,gastroenteritis,pneumonia,orrespiratorysyncytial virus.
 - Foodborneoutbreaks.
 - Infections associated with contaminated medications, replacement fluids, orcommercialproducts.

⁸Alistofdiseasesandinformationonproperly reportingthemcanbefoundbelow.

- Single cases of healthcare-associated infection due to any of the diseases on theCommunicable Disease Reporting list. For example, single cases of nosocomialacquiredLegionella,measlesvirus,invasivegroupAbetahemolyticStreptoc occus.
- A single case involving Staphylococcus aureus showing reduced susceptibility tovancomycin.
- Clustersoftuberculinskintestconversions.
- A single case of active pulmonary or laryngeal tuberculosis in a nursing homeresident oremployee.
- Increased or unexpected morbidity or mortality associated with medical devices, practices or procedures resulting insignificant infections and/or hospital admissions.
- Closureofaunitorserviceduetoinfections.
- Additionalinformationformakingacommunicablediseasereport:
 - Facilities should contact their NYSDOH regional epidemiologist or the NYSDOHCentral Office Healthcare Epidemiology and Infection Control Program for generalquestions and infection control guidance or if additional information is needed aboutreporting to NORA. Contact information for NYSDOH regional epidemiologists and the Central Office Healthcare Epidemiology and Infection Control Program is

locatedhere:<u>https://www.health.ny.gov/professionals/diseases/reporting/communicabl</u> <u>e/infection/regional_epi_staff.htm</u>. For assistance after hours, nights and weekends, call NewYork StateWatch Center(Warning Point) at518-292-2200.

- Call your local health department or the New York State Department of Health'sBureau of Communicable Disease Control at (518) 473-4439 or, after hours, at 1(866)881-2809;toobtainreportingforms(DOH-389),call(518) 474-0548.
- Forfacilities inNewYorkCity:
 - o Call1(866)NYC-DOH1(1-866-692-3641)foradditionalinformation.
 - Use the<u>downloadable Universal Reporting Form (PD-16)</u>; those belonging toNYCMED can<u>completeandsubmittheformonline</u>.

2.0. **PEPCommunicationRequirements**

As per the requirements of the PEP, a facility must develop external notification procedures directed toward authorized family members and guardians of residents.

To adequately address this requirement, the facility will need to develop a record of allauthorized family members and guardians, which should include secondary (back-up)authorizedcontacts, as applicable.

Under the PEP, facilities must include plans and/or procedures that would enable them to (1)provideadailyupdatetoauthorizedfamilymembersandguardiansanduponachangeina

resident's condition; and (2) update all residents and authorized families and guardians at leastonce per week on the number of pandemic-related infections and deaths, including residents with a pandemic-related infection who pass away for reasons other than such infection (e.g.,COVIDpositiveresidents who passaway for reasons other than COVID-19).

Such updates must be provided electronically or by such other means as may be selected by each authorized family member or guardian. This includes a method to provide all residents withdaily access, at no cost, to remote videoconference or equivalent communication methods withfamilymembers and guardians.

3.0 PEPInfectionControlRequirements

Inadditionto communication-relatedPEPrequirementsaddressabove,thefacilitymustdevelop pandemic infection control plans for staff, residents, and families, including plans for (1)developing supply stores and specific plans to maintain, or contract to maintain, at least a two-month (60 day) supply of personal protective equipment based on facility census, includingconsideration ofspaceforstorage;and(2)hospitalized residents tobeadmittedorreadmittedto such residential health care facility or alternate care site after treatment, in accordance withall applicable laws and regulations, including but not limited to 10 NYCRR 415.3(i)(3)(iii),415.19,and 415.26(i);42 CFR483.15(e)and 42CFR§483.80..

Additionalinfectioncontrolplanningandresponseeffortsandthatshouldbeaddressedinclude:

- Incorporating lessons learned from previous pandemic responses into planning efforts toassist with the development of policies and procedures related to such elements as themanagement of supplies and PPE, as well as implementation of infection controlprotocolstoassist with properuseand conservation of PPE.
- All personal protective equipment necessary for both residents and staff in order tocontinue to provide services and supports to residents.COVID-specific guidance onoptimizing PPE and other supply strategies is available on CDC's website:<u>https://www.cdc.gov/coronavirus/2019-ncov/hcp/ppe-strategy/index.html</u>. Supplies to bemaintainedinclude,butarenotlimitedto:
 - N95respirators;
 - Faceshield;
 - Eyeprotection;
 - Gowns/isolationgowns;
 - gloves;
 - masks;and
 - sanitizersanddisinfectants(EPAGuidanceforCleaningandDisinfecting):

Other considerations to be included in a facility's plans to reduce transmission regard whenthere are only one or a few residents with the pandemic disease in a facility:

- Plansforcohorting, including:
 - Useofapartofaunit,dedicatedfloor,orwinginthefacility oragroupofrooms attheendoftheunit,suchas at theend of a hallway.

NewYorkState|DepartmentofHealth CEMPTemplate(PartIII)- Page62

- Discontinueanysharingofabathroomwithresidentsoutsidethecohort
- Proper identification of the area for residents with COVID-19, including demarcatingremindersforhealthcarepersonnel;and
- Proceduresforpreventingotherresidentsfromenteringthearea.

4.00therPEPRequirements

PEP further requires that facilities include a plan for preserving a resident's place at the facilitywhen the resident is hospitalized. Such plan must comply with all applicable State and federallawsandregulations, including but not limited to 18NYCRR505.9(d)(6) and 42CFR483.15(e).
